

**Assoc. Prof.**

**Suha Oğuz BAYTİMUR**

(Historian / Member of the Association)

He is on the supervisory board of the Black Sea Environment and Marine Research Association. He holds a master's and doctorate degrees in Contemporary History. He made various national and international

publications in the same field and many students completed their master's under his supervision. He continues his studies because of his belief in the survival of history and culture. It is a member of the Black Sea Environment and Marine Research Association in order to preserve and protect the existing historical artifacts.
